COLLAGEN FACIAL TREATMENTS

Firmness of the Hills

Restore the skin elasticity of your face, neck, and décolleté with this anti-aging firmness treatment for a youthful, plumped complexion.

A dreamy deep-tissue massage that transforms the skin, thanks to the super-powerful Firm-C Boost concentrate—a blend of triple DNA, Vitamin C, and collagen fragments.

This protocol improves skin firmness, revealing a younger-looking face with better-defined volumes.

Luminosity of the Ice

The power of nature for an incomparable glow.

A potent combination of ingredients sourced from Swiss Alpine gardens and white mulberry root, used for centuries in Japan, works to refine the skin's texture. This light-enhancing spa therapy reduces imperfections and stimulates the skin's natural glow mechanisms for a smoother complexion and renewed radiance.

Hydration of the Bisses

A shower of moisturizing comfort to smooth fine lines and plump your thirsty skin. Built on Valmont's signature triple DNA, hyaluronic acid, and other moisturizing ingredients, this ritual fills the epidermis with water, leaving the skin smoother, more radiant, and plump-looking.

60 min. € 200

Purity of the Alps

The skin is clean, purified and balanced.

The Purity of the Alps treatment cleanses without stripping, leaving the epidermis hydrated and incredibly soft. It is suitable for everyone, particularly those whose skin shows a flawed texture, uneven complexion, congestion, and a predisposition to imperfections.

50 min. € 150

For a complete cleansing, we recommend adding steaming and extraction: 25 Min. € 50.

Reflections on a Frozen Lake

This treatment is specially designed for the under-eye area, helping to eliminate bags, puffiness, signs of fatigue, and effectively filling in wrinkles. Thanks to the use of reflexology techniques, lymphatic drainage, and lifting massage, it successfully reduces the appearance of fine lines.

The treatment concludes with the application of a collagen mask that nourishes and soothes the skin, leaving the eye contour rejuvenated after just one use.

50 min. € 150

BODY TREATMENTS

Peaks of Slimness

This re-contouring treatment helps reduce cellulite, stimulates the lymphatic system, and activates fibroblast metabolism.

Kneading, friction, and smoothing pressures provide deep action on each area of the body, supported by the application of Valmont's D Solution booster, Modelage, and C Curve Shaper creams.

It can be used as a kick-starter for a slimming regimen, to maintain a sculpted figure, as a firming program after pregnancy or a diet, but also – and above all – by any woman who wishes to control the effects of time on her body!

60 min. € 180

Bisses Purity

This exfoliating and purifying body treatment removes dead skin cells, rebalancing the hydrolipidic film and nourishing the epidermis, leaving the skin silky smooth and soft.

The Bisses Purity treatment, featuring the Cellular Refining Scrub, combines nourishing rose oil with exfoliating argan nut powder in a rich, creamy formula.
